Basic Information

- Place of Origin: China Guangzhou
- Brand Name: LZR
- Certification: CE
- Model Number: P6
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 Piece/Pieces per Month

Product Specification

- Name: Pico Laser Tattoo Removal Machine
- Voltage: AC220v±10% 50Hz, 110v±10% 60Hz
- RF Frequency: 2M
- Touch Screen Size: 12 Inch
- Wave Length: 1064nm, 532nm
- Laser Pulse: Pico Laser
- Feature: Skin Tightening, Tattoo Removal
- Energy Density: $\leq 0.6 \text{ J/cm}^2$
- Spot Size: 2-10 Mm
- Highlight: Versatile Pico Laser Tattoo Removal Machine, Beauty Center Pico Laser Tattoo Removal Machine, Pico Tattoo Removal Machine 220V

Product Description

2700W Pico Laser Skin Tightening Picosecond Laser Machine For Beauty Center

Product Description:

The Picosecond Laser Machine boasts a spot size range of 2-10 mm which makes it suitable for use on various body parts. The machine also has an RF frequency of 2M which ensures that the laser energy is accurately delivered to the targeted area. This feature also helps to minimize the risk of skin damage and ensures that the treatment is comfortable for the patient.

With a laser power of 2700W, the Picosecond Laser Machine is one of the most powerful aesthetic laser machines available in the market. This power enables it to deliver fast and efficient treatments that produce remarkable results. The machine is also designed to be user-friendly, making it easy for medical professionals to operate it.

The Picosecond Laser Machine is a versatile and effective aesthetic laser machine that can be used for a variety of skin rejuvenation treatments. It is particularly effective in treating acne scars, pigmentation, and wrinkles. The machine is also ideal for use in skin resurfacing and tattoo removal treatments.

Aside from the Picosecond Laser Machine, our product line also includes the 810 skin rejuvenation machine. This machine is designed to provide safe and effective skin rejuvenation treatments using a diode laser light source. The machine has an energy density of 0-120 J/cm² and a spot size range of 12-20 mm. It is ideal for use in hair removal, skin tightening, and vascular lesion treatments.

At our company, we are committed to providing high-quality and innovative aesthetic laser machines that meet the needs of our customers. Our machines are designed to be safe, effective, and easy to use, making them ideal for medical professionals of all skill levels. If you are looking for an aesthetic laser machine that will deliver remarkable results, then look no further than our products.

Features:

Product Name: Picosecond Laser Machine

Voltage: AC220v±10% 50Hz, 110v±10% 60Hz

Aiming Beam: Diode 655 Nm (Red), Adjustable Off/on

Rf Frequency: 2M

Wave Length: 1064nm, 532nm

Feature: Skin Tightening, Tattoo Removal

Technical Parameters:

Aiming Beam	Diode 655 Nm (Red), Adjustable Off/on
Screen	12 inch
Laser Power	2700W
Energy Density	≤ 0.6 J/cm ²
Touch Screen Size	12 Inch
Voltage	AC220v±10% 50Hz, 110v±10% 60Hz
Rf Frequency	2M
Laser Pulse	Pico Laser
Other Name	Picosercond Laser
Spot Size	2-10 Mm

PRODUCT DETAILS

Learn more about the product

01

Cryogen Based Dynamic Cooling Device Handpiece, Comfortable for treatment

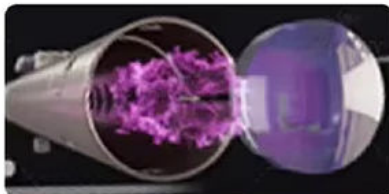

Shooting 40 Million for longer lifetime

02

1.5 to 26mm Spot Sizes

Especially spot sizes 1.5, 3.0, 24, 26mm can be provided as demands

Suitable different parts treatment, treatment faster and save time

03

USA imported lamp and rod

Original USA imported lamp and rod , Energy more stronger, Energy output stable

04

Air Cooled Compatible Handpiece

This device promote patient comfort by directing cold air to the treatment area

755NM/1064NM ALEXANDRITE LASER Hair Removal Machine

Applications:

The LZR P6 Picosecond Laser Machine is ideal for treating a wide range of skin concerns. It is an effective tool for removing tattoos, birthmarks, and pigmented lesions. The machine delivers high-energy pulses that target the pigment in the skin without damaging the surrounding tissue. The result is a clear and even skin tone.

The LZR P6 Picosecond Laser Machine is also useful for treating fine lines and wrinkles. It is a Fractional infrared laser skin tightening tool that stimulates collagen production. The machine delivers short bursts of energy that penetrate deep into the skin to promote collagen production. The result is firmer and more youthful-looking skin.

The LZR P6 Picosecond Laser Machine is a versatile tool that can be used in a variety of settings. It is perfect for use in a medical spa or aesthetic clinic. The machine is easy to use, and the adjustable aiming beam ensures precise targeting. The machine is also safe to use, and the maximum energy output is 2000M. The voltage required for the machine to operate is AC220V $\pm$ 10% 50Hz, 110V $\pm$ 10% 60Hz.

In summary, the LZR P6 Picosecond Laser Machine is a powerful tool that can be used to treat a wide range of skin concerns. Its high-energy pulses and adjustable aiming beam make it an effective and precise tool. Whether you need to remove pigmented lesions or stimulate collagen production, the LZR P6 Picosecond Laser Machine is the right tool for the job.

Customization:

At LZR, we offer customization services for our Picosecond Laser Machine (Model Number: P6) to suit your specific needs. Our machines are manufactured in China Guangzhou and are equipped with Pico Laser technology that delivers laser pulses with energy density of up to 0.6 J/cm² and a maximum energy of 2000M. The laser power of our machines is 2700W and they operate at a wave length of 1064nm and 532nm.

Our customization services include fractional laser machine options that allow for fractional infrared laser skin tightening, which is ideal for those looking for non-invasive skin rejuvenation solutions. Contact us today to learn more about our product customization services and how we can help you achieve your desired results.

Support and Services:

The Picosecond Laser Machine is a cutting-edge medical device that utilizes advanced laser technology for various applications, including skin rejuvenation, tattoo removal, and scar treatment. Our product technical support and services ensure that our customers receive the best possible experience with our product.

Our technical support team is available to answer any questions and concerns regarding the installation, operation, and maintenance of the Picosecond Laser Machine. We provide comprehensive training for operators to ensure that they are proficient in using the device safely and effectively.

In addition, we offer a range of services to our customers, including regular maintenance and calibration of the device to ensure optimal performance. We also provide repair services for any issues that may arise with the device.

Our commitment is to provide our customers with the highest level of technical support and services to ensure that they can get the most out of their Picosecond Laser Machine.

Packing and Shipping:

Product Packaging:

1 Picosecond Laser Machine

1 Power Cord

1 Foot Pedal

1 User Manual

Shipping Information:
